WBC 2010 Logistics

All WBC events take place at the Lancaster Host Resort, 2300 Lincoln Highway East (Route 30), Lancaster, PA (lancasterhost.com). \$99/night, plus 11% tax. One night's deposit, \$109.89, which will be credited to the guest's last scheduled night of stay, is required with each reservation. It is possible to cancel 30 days prior to arrival at no penalty, but any reservations canceled after 30 days prior to arrival will forfeit one night's deposit. The Host always sells out but Pre-Con and early week rooms are usually available and cancellations do occur.

In addition, there are a number of convenient hotels at every price range within walking distance. BPA has negotiated favorable group rates with the Continental Inn which offers especially good value for the budget conscious with free breakfast packages. However, WBC occurs during the tourist season and sellouts are common so make your reservations early. Cancellation policies are more lenient than at the Host. The walk to the Host is short, but it crosses a busy highway. We suggest you drive from the Continental's parking lot to the corner red light to enter Route 30 and then move into the turn lane to cross into the Host parking lot. Use your car as your base for your games and reverse your course to drive back to the Continental Inn when returning to your room to avoid crossing the highway on foot.

The **Continental Inn** is directly across the street from the Host. The amenities include indoor and outdoor pools and jacuzzi, remote, color cable TV, free wireless internet, refrigerators, coffee makers, and more. A complimentary hot breakfast is included to start your day. The special WBC rate is \$94 per day plus 11% tax per single thru quad occupancy with 1 King or 2 Double Beds. Rollaway beds, if requested, \$7 additional. A three-night minimum stay is required for this special group rate.

One night's deposit will be required upon booking. The deposit is refundable up until 48 hours prior to arrival. Phone 717-299-0421 to make your reservation or email info@continentalinn.com for a callback by the reservationist. Alternatively, you may book on line at continentalinn.com at the regular rates and identify yourself in the comments as claiming the WBC rate, providing you are booking the three-night minimum stay. This offer is valid until July 11 or our room block sells out, whichever occurs first.

A record 104 teams toed the line for the 19th “run for the slivers” at the 2009 WBC and when the cavalry charge had ended, three remained deadlocked at the top of the heap with 23 points each thanks to three bonus points awarded to those who had not won their event previously. The 3rd-rated ‘99 champions **Me & Three Stiffs** were originally alone in the lead before the 6th-ranked **James Gang** and **3 Men & a Canadian** were boosted by one and two bonus points respectively to knot the score at 23-all. Thus deadlocked, the title would be decided by the total entrant tie-breaker where the 17th-ranked **3 Men & a Canadian** squad enjoyed a clear advantage with an average entrant size of 50.75 to 31.25 for **Me & 3 Stiffs** and 28.75 for **The James Gang**. Finishing 4th were the prohibitive favorites, three-time champion **Nest of Spies** who fell victim to cannibalism when Stefan Mecay downed teammate David Dockter in the POG Final to prevent a fourth title for the perennial champs. However, they joined the 2009 champions in being the only two teams to score with every team member—proving once again why they are the team to beat—year after year.

Every Team Tournament has dozens of “shoulda, woulda, coulda” stories replete with tales of had only we zigged when we zagged. My favorite this year emanates from the **Greenville Mafia**, a bastion of expertise where no less than eight *Up Front* shields reside, whose four teams are often picked with more of an eye towards allowing multiple members to play the same favorite games than to maximize team scores. Sure enough, three Greenville teams fielded an *Up Front* player, but the only *Up Front* laurels to be carried back to Greenville this year were earned by the fourth team where young Kevin Emery earned his first ever spurs. It’s hard to determine who was prouder...young Kevin or the shutout paternal head of the family who now has a rival for family bragging rights.

The year’s biggest over-achievers were the 92nd-ranked **Chicken Bunches** who overcame 460-1 odds to finish 13th behind 10 points from Robert Renaud’s successful defense of his *Race For the Galaxy* title. Also thumbing their noses at the Happy Handicapper were the **Possum Gamers** who ignored 236-1 odds to improve from a 69th ranking to finish 9th. However, overall, it was an up year for the Happy Handicapper. Despite the record field of 104 teams, 15 of his top 25 picks (60%) made the Top 25 cut—up 8% from 2007 and 4% from last year.

Mark Love proved his equal with a winning % of 60% in our initial “Pick the Top Ten” Team Tournament contest. Mark won a free 2010 membership by correctly selecting all four of the top four teams with his first five picks and then added **Sweep the Leg** and **Fields of Glory** to round out his entry with six correct selections. Despite the much enlarged field, only 29 teams were shutout—down nearly 6% from 2008. The highest ranked squad to post nothing but goose eggs and thereby earn the 2009 title for Most Overrated was **Koleszar-Lientz-Plat** at 53-1 which had been the 16th ranked team. However, the fourth-ranked **Da Boys** squad was the highest ranked team to fall out of the Top 25.

The **Chicken Bunches** team won the Misery Loves Company title with 586 entrants for an average of 146 entrants per event. On the opposite end of the scale, claiming the Big Fish in the Small Pond title was **Reese’s Pieces** whose 104 total entrants averaged 26 players per event.

All in all, our 416 players selected 129 different events. The most frequently named choices for the Team Tournament were *Atlantic Storm* and *Twilight Struggle* with ten each. Other top choices were *Dominion* at nine, *Ticket to Ride* at eight and *Robo Rally* at seven. *Dominion* yielded the most laurels to its adherents (17) while *Ticket to Ride* proved the most difficult to predict (0). In all, 38 Team participants won their selected events.
